

Crimestoppers launches first ever product

We're excited to announce the launch of our first ever product - **Crimestoppers Property Protector**. Crimestoppers Property Protector is a clear liquid solution, each bottle containing a combination of microparticles which provide a unique code number.

By dabbing a small amount of Crimestoppers Property Protector onto valuable items you give them their own coded fingerprint - registered exclusively to the rightful owner via a property registration database. This means that if your property is stolen it will be easier for it to be returned to you.

> Operation Captura achieves 76% success rate

The recent arrest of Dennis O'Brien means that 76% of those wanted under Operation Captura have now been tracked down. Twelve of the 50 people publicised are still wanted. Can you help to locate them?

> Tackling violent crime

Our work to combat crime that affects Asian and Muslim communities continues with Eastern Crimestoppers mounting local campaigns. As part of their December campaign on violent crime, Eastern Crimestoppers secured radio adverts on Diverse FM to advertise Crimestoppers in both English and Urdu.

Over 2,500 people have been arrested and charged with drug crimes thanks to information passed to Crimestoppers since April 2010

> Early success for Surrey's Most Wanted

In December Surrey Crimestoppers worked with Surrey Police to upload appeals of 15 people wanted in the county to Most Wanted. Since launching two wanted individuals have already been arrested.
